VOLUNTEER

Dear Ms Mackenzie

NATIONALLY COORDINATED CRIMINAL HISTORY CHECK
Nyree Mackenzie, DOB: 17/12/1980

Thank you for recently providing your consent for the Department of Education to undertake a Nationally Coordinated Criminal History Check pertaining to your background. Your information has been processed through the Australian Criminal Intelligence Commission and I am pleased to advise that you have been **cleared**.

Your Screening Clearance Number (SCN) is **SCNY3VS3MW1D**

If you are a new Department of Education employee, you must inform your line manager that you have been cleared to enable a Commencement Advice to be processed in HRMIS for payroll purposes. If you are seeking to enrol at a public school as a post-compulsory student, you must inform the school of your clearance. Please note, a 'volunteer' clearance (including practicum students) obtained for a reduced fee will not entitle you to be employed with the Department. A full-fee employee clearance will be required if a volunteer later seeks employment.

For teaching staff working for the Department, your criminal screening with the Department remains current unless you have a break in service of 12 months. For non-teaching staff new to the Department, you must commence working within 6 months from your clearance date. Once employed by the Department, non-teaching staff do not require a new criminal screening check unless they have a break in service of 6 months or more. People employed by the Department who are charged and/or convicted of an offence, whilst employed, are required to inform their principal or line manager that they have been charged or convicted. This includes staff employed only on a casual basis.

Yours sincerely

Brent Saraceni
Manager, Screening
Professional Standards and Conduct Division

28 May 2020
